C-1. Understand that there are multiple ways to reach a desired design outcome.
C-2. Understand how keeping an open mind can enhance your abilities as a media designer.
C-3 Understand the importance of being flexible and to think outside the box.

II. CLASS PARTICIPATION:

Students are expected to attend class and participate actively and in a positive way. Questions and relevant observations are encouraged and enrich the experience of the entire class. Computers in the classrooms are intended to be used as tools to enhance the students' learning experience. Instant messaging, gaming, emailing, and surfing the web are distractions to the student, the surrounding students, and the instructor and constitute inappropriate behavior. Students are ethically obliged to avoid these and similar practices.

External Storage Requirement:
Students are required to supply their own external storage (ie., SD card, external hard drive, etc.) See Course Canvas page for instructor's directive for your course. Memory cards are NOT supplied with cameras and video equipment.
