Report Card for Healthcare Metrics

Students will create a benchmark plan for healthcare metrics for either their current workplace or one they might serve in as a leader in their future.

Essential Tools for Effective Leadership

Students will create a table to compile a list of essential resources/tools from the course that they believe are useful to becoming an effective leader in their field. The purpose of this assignment is to curate a collection of leadership resources students can refer to during their career in the health field.

Developing Leadership Behaviors (Discussion Boards) (Objectives 1-5) **20%**

The success of this course depends on active participation and critical reflection by all students in all activities. The discussion boards provide multiple opportunities for analysis and discussion among your peers on a variety of important leadership topics. A grading rubric will be used to evaluate: writing skills, critical thinking, incorporation of class concepts, integration of outside readings and timely completion.

Please note: A minimum grade of C-
